Letra: Thinking Out Loud - Ed Sheeran
Artista: Ed Sheeran. Canción: Thinking Out Loud. Álbum: X.

When your legs don't work like they used to before
And I can't sweep you off of your feet
Will your mouth still remember the taste of my love
Will your eyes still smile from your cheeks
And darling I will be loving you till you're seventy
And baby my heart could still fall as hard at twenty three
And I'm thinking 'bout how people fall in love in mysterious ways
Maybe just the touch of my hand
Or me I fall in love with you every single day
And I just wanna tell you right now...

So honey now
Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
And I'm thinking out loud
That maybe we found love right where we are

When my head's overgone and my memory fades
And the crowds still remember my name
When my hands don’t play the strings the same way
I know you will still love me the same
Cause honey your soul can never grow old
It's ever green
Baby your smile forever in my mind in memory
And I'm thinking 'bout how people fall in love in mysterious ways
Maybe it's all part of a plan
Or I continue making the same mistakes
Hoping that you'll understand
That baby now

Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
And I'm thinking out loud
That maybe we found love right where we are

Baby now
Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
And I'm thinking out loud
That maybe we found love right where we are

And we found love right where we are
